Dear [Redacted]

The John F. Kennedy Library has requested mandatory review of selected documents per the attached list from their holdings. This action is being initiated under the provisions of Section 5 (C) of Executive Order 11652. It is the desire and intent of the Kennedy Library to open their holdings on the Congo Crisis of 1962 to general research at once.

Please review these documents for possible cancellation of their present security classification. A consultative opinion only is requested for any White House originated documents forwarded herewith. The Archivist of the United States will exercise final declassification authority in these instances under the provisions of Section 11 of the Executive order.

In the event that you determine the interests of national security dictate continued protection of the CIA originated documents, please annotate each in accordance with Section 5 (B) of the Executive order prior to return to this office.

Sincerely,
